

Hello (Contact Name)

With tax season upon us, can you afford for your network or computers to suffer downtime?

A virus or a failing computer can leave you without access to your files at a critical moment. **PC Co-Pilots** can keep your computers running smoothly and minimize any downtime to let you focus on the important things, like making money. We are the primary technical support company for Big Canoe Company and they recently had this to say.

"We trust PC Co-Pilots with ALL of our IT needs. We now have a secure, up-to-date IT system that is cost effective and has experienced a minimum of downtime. With PC Co-Pilots focusing on our network, computers and communication, we can focus on our business."

Anita Michele – VP and CFO – Big Canoe Company

We set ourselves apart from our competitors by using remote support whenever possible. We know that having service done at your office is an inconvenience and can disrupt the work being done. By using remote support, we can begin diagnosing the problem faster and fix it with as little disruption as possible.

Our company offers a range of services including:

- Data backup solutions
- Remote support
- Hardware repair and upgrade
- Network support and configuration
- Web development
- Virus and malware prevention and removal

If you are ready to safeguard your business, call us at 706-253-6362 or 404-963-8682 for your free network survey.

Sincerely,

Justin Bowers

Owner

P.S If you call and mention this letter before May 1st, we will give you 15% off of our normal price!
